

Marbella *Pencil Edge*

Marbella features a remarkable 1/8" radius that creates the characteristic "slab-like" appearance of many natural stone surfaces. Refined and modern, Marbella is effortless—yet sophisticated in its styling.

The future is beyond flat. *Experience VT Dimensions.*

The Marbella pencil edge profile adds dimensional beauty and character to VT Dimensions countertops. More than just a flat surface, VT Dimensions bring everything together into one seamless and contoured offering—with the depth, the style, and seamless edge you want.

Experience a whole new dimension in countertops with VT Dimensions.
