

## Ora 1/8" *Radius Full-Wrap Edge*

Ora takes authentic granite beauty further than ever, adding a pencil-line look around both the top and bottom edge of the countertop. The full-wrap design creates the characteristic dimensional "slab" effect of natural stone countertops.

## Ora 1/8" Radius Full-Wrap Edge

### The future is beyond flat. Experience VT Dimensions.

The Ora 1/8" full-wrap edge profile adds dimensional beauty and character to VT Dimensions countertops. More than just a flat surface, VT Dimensions bring everything together into one seamless and contoured offering—with the depth, the style, and seamless edge you want.

Experience a whole new dimension in countertops with VT Dimensions.
